## PUBLIC MEETING #2

On Tuesday, May 31 at 6:30 p.m., you are invited to attend the second public meeting for *Project: Under Gardiner* and the related Municipal Class Environmental Assessment. This public meeting will provide updates on the design, public consultation to date, a proposed air quality assessment and the Environmental Assessment.

## **The Project**

Waterfront Toronto and the City of Toronto are developing 4 hectares (10 acres) of new public space on underused land under the Gardiner Expressway. The space will connect seven neighbourhoods with a new 1.75-kilometre multi-use trail and spaces for cultural programming between west of Strachan Avenue and Spadina Avenue.

## **The Environmental Assessment**

Waterfront Toronto and the City of Toronto have initiated a Schedule 'C' Municipal Class Environmental Assessment (EA) to study the municipal infrastructure required for a new pedestrian crossing at Fort York Boulevard, a component of the larger project. The study will follow the requirements of Phase 1 through Phase 5 of the Municipal Class Environmental Assessment to examine the need for the infrastructure and evaluate alternative solutions and alternative design concepts.

## **How to Participate**

If you are unable to attend the public meeting, the presentation and display boards will also be made available online for viewing and public comment the week of June 6, 2016. Subscribe to the mailing list to receive updates on when and where these materials will be available:
