Helen Burstyn presented the draft Minutes of the February 20, 2018 meeting of the Committee to the meeting and requested a motion for approval of them. ON MOTION duly made by Mazyar Mortazavi, seconded by Susie Henderson and carried, it was RESOLVED that the Minutes of the February 20, 2018 meeting be approved as tabled.

4. Directors and Officers Indemnification and Insurance

Ian Beverley reported that Barry Reiter of Bennett Jones has provided an updated form of indemnity agreement for use by Directors, certain officers and panel members. Janet Rieksts-
Alderman, for the Board of Directors, has participated in a review of the document with Mr. Reiter and Management in which Mr. Reiter has explained the rationale for the proposed changes to the agreement. Mr. Reiter has also recommended a change to the existing Directors and Officers Insurance Policy and is working to secure a change to the policy with management and the insurer. The policy limit is also being reviewed. It is expected that the form of indemnity agreement will be presented to the next Chairs Committee meeting for approval and recommendation to the Board. Changes to insurance coverages will also be discussed then.

5. Conflict of Interest Update

Ian Beverley reported that the review of conflict of interest procedures discussed at the February 20, 2018 meeting of the Committee was in progress, with Barry Reiter engaged to undertake the review. Staff have met with Mr. Reiter and his associates and a revised Directors Code of Conduct and Conflict of Interest Procedures is in the process of being prepared. This Code will serve as the basis for the companion Codes of Conduct for Panels (Design Review Panel, Digital Strategy Advisory Panel and Capital Peer Review Panel) and for Employees. Changes to the Delegations of Authority will be considered to address conflicts of interest in procurement situations with vendors. Janet Riekst-Alderman will be involved in this process as it relates to the Directors Code of Conduct and Conflict of Interest Procedures.

6. Board Communications with Government Stakeholders

Marisa Piattelli discussed the Memorandum in the meeting materials which provides a historical perspective on how management has assisted Board members in outreach to governments and which also considers the needs of the current Board. She noted that the current Board of Directors is generally very proactive. For the previous Board of Directors, Ms. Piattelli noted that Management would prepare briefing notes for Directors to provide them with up-to-date information on issues for meetings with government stakeholders and that management would often call with Directors to discuss, as required. The Committee noted that this was generally a good governance practice but noted that directors should also provide their own commentary on issues to governments.

Helen Burstyn reported that the provincially appointed Directors had met recently with representatives from the Province. The Province remains very interested in the Sidewalk Labs/Sidewalk Toronto arrangement and will review the next round of documentation that is contemplated for the transaction when it is provided to them for review, consistent with the protocol for reporting to governments on the Quayside transaction. They are also interested to know more about the plans for the Digital Strategy Advisory Panel and Ms. Burstyn emphasized the usefulness of Directors having briefing notes prepared by Management for discussions on issues like this.
