

SPECIAL QUEENS QUAY CONSTRUCTION NOTICE

Minor Change to Queens Quay TTC Stop at York Street

Effective Friday, February 8 at 6am, the 509 Harbourfront TTC bus stop on Queens Quay at York Street will be relocated to the northeast side of the intersection (curbside). The bus stop is currently located in the centre travel lanes just west of the York Street intersection.

The TTC stop is being moved to enable crews to work on new sanitary infrastructure on the northside of Queens Quay west of York Street.

What to Expect

Between Bay Street and York Street, there will be two lanes of westbound traffic on the northside of Queens Quay. The westbound 509 Harbourfront bus will stop along the northside curb lane just east of the York Street traffic light to pick-up and drop-off passengers. Passengers will board or disembark from the sidewalk. Appropriate TTC signage will be posted to alert customers of the change.

There are no other changes to the 509 Harbourfront bus service at this time. The bus stop at Lower Simcoe Street will remain in the newly repaved area in the centre of Queens Quay and the stop at Rees Street will remain curbside.

Questions

Log on to www.waterfrontoronto.ca/constructingqq for project information.

Email info@waterfrontoronto.ca with questions or call the Queens Quay hotline 416-214-9990. For urgent construction issues, contact Robert Pasut - Eastern Construction Community Liaison Officer at RPasut@easternconstruction.com or 416-505-3073.

NOTE! City of Toronto and TTC Traffic Notice

The City and TTC will undertake construction work at the intersection of Lake Shore Boulevard and Spadina Avenue from February 7 to February 11 resulting in a partial intersection closure and partial closure to the Gardiner Expressway (eastbound) off-ramp at Spadina Avenue. While this is not related to the Queens Quay project, it may impact traffic on Queens Quay. Learn more by reading the [City and TTC notice](#).
