

KILMER VAN NOSTRAND CO. LIMITED

Kilmer Van Nostrand Co. Limited (“Kilmer”) has been building Ontario’s infrastructure for three generations and has served all levels of government and the private sector through its various operating companies. Kilmer and its people have been leaders and innovators in public private partnerships and along with its deep experience and relationships in this arena, Kilmer brings an entrepreneurial and solutions driven approach to project delivery.

As the private investment holding company of Canadian business leader and philanthropist, Larry Tanenbaum O.C., the firm has a long-term horizon of vision for its investments and seeks to be involved in projects that improve the fabric of Canada and the communities in which its infrastructure and real estate divisions **Kilmer Developments** and **Kilmer Brownfield** operate.

Kilmer Developments currently has active infrastructure investments in the Port of Prince Rupert, British Columbia (Quickload), Ontario’s 23 Highway 400/401 Service Centres (ONroute), and the Pan/Parapan American Athletes’ Village in Toronto.

Kilmer Brownfield buys environmentally impacted lands, offers indemnities to the vendor, and funds the clean up and re-zoning in order to re-position the land to its highest and best use. There are currently five projects underway in Toronto, Guelph, and Montreal.

Through Kilmer Group’s investment in Maple Leaf Sports and Entertainment, the company has been a part of developing the Air Canada Centre and the related adjacent real estate, and partnering with the City of Toronto on the operation of BMO Field and the Ricoh Coliseum.

Kilmer’s additional business interests are focused on Canadian mid-market private equity investing and media & entertainment.
