The City of Toronto and Waterfront Toronto are nearing the completion of a series of plans that will guide the transformation of the Port Lands and better connect the Port Lands and South of Eastern areas. Public input has played a key role in shaping the plans to date. We are again inviting your participation to help to refine and shape the final plans.

A public consultation meeting is being held to present findings from three concurrent studies – the Port Lands Planning Framework, Villiers Island Precinct Plan and the Port Lands and South of Eastern Transportation + Servicing Master Plan Environmental Assessment. Given the amount and complexity of information, this round of consultation will be a two-step process. Key findings, emerging directions and preferred solutions will be presented at an open house running throughout the day on November 14, 2015, with presentations and information sessions recurring in the morning and afternoon. Public input and comment will then be sought at two evening workshop meetings on November 17, 2015 and November 18, 2015.

If you are unable to attend the meetings in person, you can participate online at [www.portlandsconsultation.ca](http://www.portlandsconsultation.ca). If you have specific accommodation requirements, please email [info@waterfronttoronto.ca](mailto:info@waterfronttoronto.ca) or call 416-214-1344 ext. 248.

After the open house, the presentations and information, including video recordings, will be made available on the web site and feedback can be provided by completing an online discussion guide. If you wish to receive further information on the plans or be added to a mailing list, please contact:
