Subject: Letter of Support by the Board of Directors of Waterfront Toronto for John Campbell, President and CEO

John Campbell has the full confidence of the Board as the President and CEO of Waterfront Toronto.

His collaborative approach and leadership have earned him the respect of all three governments, across multiple administrations, as well as the community and the private sector.

Toronto City Council has strongly endorsed the ongoing collaboration with Waterfront Toronto and we look forward to continuing to work together with the City on the revitalization of Toronto's waterfront, under John's leadership.

Sincerely,
