Underpass Park

# Stormwater Quality Facility

Stormwater Quality Facility

Cherry Beach Sports Field Washrooms

# Waterfront-wide initiatives

Mimico Waterfront Park

Port Union Waterfront Park

The background features a dark field filled with numerous fiber optic cables. Each cable has a bright, glowing end, creating a bokeh effect of warm, out-of-focus light spots in shades of orange, red, and yellow. The cables themselves are thin and dark, extending from the foreground towards the background. At the bottom of the image, there are several horizontal, wavy bands of light blue and white, resembling stylized water or a modern graphic design element.

# **Building innovative smart infrastructure**

# Gardiner Environmental Assessment

# Building our new blue edge
